Those who vote against the Republican party at the coming election should bear one thing in mind, and that is the state ticket and city or township ticket are separate. Many state tickets will be lost unless the voter charges his memory that his whole duty does not rest with simply voting his city or township ticket. Separate boyes will be with simply voting his city or township ticket. Separate boxes will be provided at the polls, and when you go into the booth to prepare your ballot, see that you select the state ticket, which will have the Supreme Judge, Regents, Circuit Judge, County Commissioner and Amendments, having properly marked the Democratic ticket thereon, fold it up, prepare your city or township ticket in the same manner, and then hand them separately to the chairman of the Board of Election, who will put them in the boxes provided for that purpose—one for the city or township and another for the state.

## Circuit Judge

A very important duty before the voters of the 28th judicial dis- to the three county papers for publicatrict, at the election next Monday, is to select a Judge to preside over the Circuit Court during the next 6 years. As a candidate for the position the Democrats have selected and well qualified for the position, and well qualified for the position, and he should receive the warm as Mrs Mary Baushant Frank Boosie Mrs Mary Black Miss Millie Brooks Ann James McNamara. He is worthy for his legal ability, and there is no doubt that he will make a good Judge. We believe his rulings will be free from all partiality. His popularity in this city, his home, is noteworthy. His entire profes-sional life has been passed in the district, and his standing in the Alpena bar is equal to any attorney in the city. No man can say a on her first trip. She will be inscribed, in the city. No man can say a word that reflects on his integrity or his worth as an upright citizen. With such a candidate as James McNamara it is the duty of every Democrat to give him all the assistance in his power, and help to elect him to the responsible position of Circuit Judge for this district. If this be done James McNamara will be elected to fill the position,

Before the People.

The State and municipal elections take place next Monday, and it is the duty of every citizen to exercise his right of suffrage, according to his political convictions or personal preferences, and we trust that no Democrat will neglect that duty.

The candidates on the Democratic State ticket are exceptionally good men, and it behooves the voters of the party to give them their most hearty support.

Plan would make the subscription one in which all citizens could assist. We would suggest that the ladies take hold of the matter and make arrangements for entertainments at the Opera House, and that they be given the power to levy on every person they think capable of singing, acting or performing on musical instruments to amuse and entertain the audience. If the ladies take hold of the matter it is sure to be a success, and we believe the Opera House would not be large enough to hold all the people who are willing to contribute to the flag fund.

A New Certain-Cure for Pites.

We do not intend to indorse any except articles of genuine merit; we therefore take pleasure in recommending to suffer-ers from Piles in any form, a prompt and permanent cure. The following letters speak for themselves:

Mrs. Mary C. Tyler, of Heppner, Ore., writes: One pkg. of Pyramid Pile Cure entirely cured me of piles from which I have suffered for years, and I have never had the slightest return of them since.

Mr. E. O'Brien, Rock Bluffs, Neb., says: The pkg. of Pyramid Pile Cure entirely removed every trace of itching piles. I cannot thank you enough for it.

The Pyramid Pile Cure is a new, certain, pallaless cure for every form of piles. It is safe, sure and cheap. Any druggist will get it for you if you ask him.

The New Peterson for April is ever more attractive than its predecessors and cannot be too highly praised, both for its contents and illustrations. "Easter Days in and about Rome," by Sarah Powel, begins with a visit to the Eternal City in in and about Rome," by Sarah Powel, begins with a visit to the Eternal City in the days of Pius IX. It is not only amusing, but instructive; and several of the photographs are entirely new. "A Collage Girl," by Ellen Olney Kirk, is one of that popular author's best stories. The New Peterson was very fortunate to secure her, as she can seldom be persuaded to undertake magazine work. "Hawalinei," by Mary Gray Umsted, is a delightful account of the Sandwich Islands, taken from a journal kept during a residence there, and the photogravures are admirable. "Easter at Naples," by Louise Chandler Moulton, is worthy the pen of that famous poetess. "The Altar-Cloth of San Carlos," by Catherine Thayer, is a very orignal and striking story, but indeed, the storios are one and all of a high order of merit. "By the Fireside" department grows a more and more important feature. "Some Fireside Pets," by Minot J. Savage, "Dr. Primrose and His Administration," by Edward Everett Hale, and "Pliny, a sketch of social life in ancient Rome," by Professor A. P. Montague, are among its attractions this month.
